

Spring Flying Weather Tips and How To Fly Over Or Around CAFB

This event will allow you to receive Wings credit so you can show your commitment to aviation safety and save on your insurance. It will also help you learn more about the changing weather and how to fly in and/or around CAFB with and without a radio. It will be presented by a safety officer from the Jackson FSDO and a local FAAST rep. A delicious catfish dinner will be served afterward. Donations appreciated.

Directions: Turn off Hwy 69 South on Fabritec Drive and go to the end. Road will take you to the terminal building where the meeting will be held.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
